President’s

Appeal

Dear Chief Patron, Founder President, Past President, Immediate Past President, Patrons, Advisers, ICC Colleagues, NCC Colleagues, Past and Present NRNA Leaders,

Namaste and Hope this finds you well!

Re: Call to be part of the Nepal Earthquake Disaster Relief – NRNA Global Committee 2015

I and few of our NRNA Friends have already arrived in Nepal and started the ground work in Nepal to coordinate immediate relief on behalf of the Nepali Diaspora at this difficult time for our nation.

I am sure many of you are already in action with heart and mind to coordinate support for the much needed disaster affected areas and the victims. With our brief inspections and visits, we have identified an enormous need for support for the victims, the casualties, the starving population as a result of the earthquake, providing temporary shelter, potential outbreak of an epidemic to name a few. At present, our priority is to raise as much funds as we can to facilitate the immediate relief.

We will be prioritizing in providing immediate food, temporary shelter (tents) and basic medical supplies directly to the victims. In order to mobilize our NRNA Leadership base in wider scale from the starting days of NRNA until present, we have formed a 301 member global committee for the earthquake disaster relief with an intention to have great coverage, campaign and mobilization in this great cause to every level.

I urge all of you to come forward and lead by example in such a difficult time in history for our nation. This will require your own generosity, involvement, leadership within the Nepali Diaspora and the wider corporate and individual communities in the countries and regions you are living and working.

Together, we can make a difference! Thank you,

Kind Regards,
Shesh Ghale
President
NRNA ICC
